Questions I have:

If I were to become a member I would like pram rack storage on the Dory Club float if there was room: (note that there is usually a waiting list)

Pram Name _____ Pram Color/Make _____

Club House Maintenance Skills & Interests: (Please circle all that apply)

Gardening Painting Electrical Carpentry Event Planning Race Organization

Other: _____

SUMMARY of NAHANT DORY CLUB HOUSE REGULATIONS

All members are required to volunteer some of their time and efforts in the maintenance of the Clubhouse, helping with social activities, race management, or assisting in the launch or haul of the floats. Please contact the appropriate committee chair or the Commodore to volunteer.

Members are responsible for and will be held accountable for the behavior of their relatives and guests and shall insure their compliance with all the rules of the Club. Children are to remain under control at all times. No running, horse play or jumping on furniture is allowed. Also do not use the club house to change wet bathing suits. Make sure the floor is dry, and anything spilled is cleaned-up. Items posted on the bulletin board must be approved by a member of the executive council

No children under the age of 21 years are allowed in the Clubhouse without the supervision of an adult member. Memberships are not transferable, and any guests must be accompanied by the member. Key cards may not be shared with anyone not listed on your membership application.

Smoking is not permitted inside the Clubhouse. Alcoholic beverages are not to be left unattended or overnight in the club house.

Members may use the outside gas grill. Please clean the grill and shut off the gas tank, clean up tables, etc. when done. If propane gas is running low, there should be a spare propane cylinder in the shed. If you use one please notify the Council. Please keep the kitchen clean. Clean the utensils, appliances, and counters. All utensils and appliances, if applicable, are to be dried and place in the appropriate drawer. They are not to be left in the drying rack beside the sink.

Doors and windows should be shut and locked, and lights and fans turned off when you leave the building. Please do not leave any food, beverages, or garbage (including non-deposit recyclables) inside the club or outside on the wharf. Either use the Town trash cans or take it with you when you leave. The last person(s) out should double check.

While the clubhouse is open for limited use in winter, the plumbing is drained and winterized. Please do not attempt to use the sinks or toilet and do not turn on the circuit breaker for the water heater. If you use the electric heaters make sure they are turned off when you leave. The Executive Council may take disciplinary action against members who willfully violate the rules of the Nahant Dory Club.
